The Future of Text and Data Mining

FutureTDM Project Website & Social Media

The screenshot shows the FutureTDM project website homepage. At the top, there is a navigation bar with links for HOME, PROJECT INFO, NEWS, RESOURCES, CONTACT, and PLATFORM. Below the navigation bar is a large banner image with the text: "For the latest on FutureTDM, follow us on twitter @FutureTDM, keep an eye on our events and sign up to our newsletter." Below the banner are logos for various partners including LIBERTECH, MINE, and others. A section titled "WHAT WE DO" contains several articles, including "THE BLOG SECTION GROWS UP TO THE FUTURETDM PLATFORM" and "THE FUTURETDM OPEN SCIENCE CARE AT THE DUTCH PRESIDENCY OPEN SCIENCE CONFERENCE". At the bottom, there are five icons representing different project phases: INVOLVE, ASSESS, ANALYSE, ELABORATE, and BUILD.

The screenshot shows the "OVERALL CONCEPT" page of the FutureTDM project website. It features a central diagram titled "Map of FutureTDM" which illustrates the project's structure and goals. The diagram includes sections for "EUROPEAN PLATFORM SOCIAL", "ANALYSE", "ELABORATE", and "BUILD". To the right of the diagram is a text block titled "OVERALL CONCEPT" which explains the project's mission: "The partners in the FutureTDM consortium share the ambition behind the EC's call to develop policy and legal frameworks to reduce the barriers of TDM uptake and to promote the assessment of TDM opportunities across Europe." Below the diagram is a section titled "AWARENESS" which discusses the current state of law demand to mine content from researchers. At the bottom, there is a section titled "SKILLS, TOOLS AND RESOURCES" which mentions the need for interdisciplinary expertise.

The screenshot shows the FutureTDM Facebook page. The page header includes the FutureTDM logo and navigation options. Below the header, there is a section for "All followers" and "2 followers you know". The main content area displays a grid of posts, including a post from "HUMAN 2020 funded research project" and a post from "IGUAcKInnov / GOU/QUEZOT". The right side of the page features a list of suggested friends and a "Who to follow" section. At the bottom, there is a "Trends for you" section with various trending topics like "HUMAN 2020 Compliance" and "S&P Australia & NZ".

SUPPORTING THE WORK OF AGRO-FOOD INDUSTRY

LATEST NEWS

- The concept of the Energy Union**
The Commission's proposal for a new energy union is a key element of the Commission's strategy to ensure a secure, sustainable and competitive energy supply in Europe. It aims to ensure that energy systems are resilient, efficient and decarbonised, and that investment is directed to the most promising areas.
- Saving trouble, time and diesel: How Deutsche Bahn will utilize Big Data**
How using predictive analytics can help Deutsche Bahn reduce fuel consumption and improve its operational efficiency.
- The Paris Agreement: Three years later**
The Paris climate agreement, which was adopted in 2015, aims to limit global warming to well below 2°C, preferably to 1.5°C, compared to pre-industrial levels. It also calls for a transition to a sustainable energy system.
- SDG 13 - Climate Action: Goals and facts**
Climate change affects every country in the world. It is a global challenge that requires a coordinated response. The Paris Agreement is a key step towards addressing this challenge.
- We have the Paris Agreement, now what?**
- Greening of the economy and promotion of**
